Shubham Gupta

B.Tech CSE Student | Full Stack Developer | MERN Stack Specialist

shubhamrdg.vercel.app | sg6664862@gmail.com | linkedin.com/in/shubhamrdg | github.com/shubhamrdg | Mathura

SUMMARY

I am a B.Tech Computer Science student at Sanskriti University specializing in full-stack web development using the MERN stack (MongoDB, Express.js, React, and Node.js). Through hands-on project development and internship experience, I build production-ready applications, REST APIs, and responsive frontend interfaces with modern JavaScript, CSS, and HTML.
My background includes building scalable web platforms, and applying clean UI/UX practices to ensure cross-browser compatibility and optimized web performance. I use Git and GitHub for version control and collaborate within team settings to deliver clean, maintainable code. Let's connect! Whether it's discussing the latest in MERN stack or exploring internship opportunities, I'm always open to professional conversations.

EXPERIENCE

BharatCares(Lenovo LEAP NextGen Program), *AI-Driven Web Application Intern* 06/2026 – 07/2026 | Remote
- Completed a six-week AI-driven web application development internship under the Lenovo LEAP NextGen Scholar Program implemented by BharatCares.
- Earned a joint completion certificate issued by AICTE, Lenovo, and Skill India after building hands-on projects through live masterclasses and mentor sessions.

Edunet Foundation, *Front-End Web Development Intern* 08/2025 – 09/2025 | Remote
- Completed a six-week front-end development internship at Edunet Foundation, building responsive web interfaces with HTML, CSS, and JavaScript.
- Participated in weekly mentorship sessions, completed Skills Build learning modules, and presented a final project.

VaultofCodes, *Web Development Intern* 08/2025 – 08/2025 | Remote
- Developed modern, interactive single-page applications and responsive websites during a 1-month internship.
- Built diverse projects, including personal portfolio sites and a food delivery platform.
- Engineered animated UI modules using HTML5, CSS3, and JavaScript to enhance user engagement.

EDUCATION

Sanskriti University, *BTech, Computer Science Engineering* 08/2023 – 06/2027 | Mathura
- **Focus:** Developing a mission-driven approach to building scalable, user-centric web solutions.
- **Technical Foundation:** Gaining hands-on expertise in Full-Stack development, specifically specializing in the MERN stack.
- **Practical Application:** Integrating core engineering principles with modern frameworks and libraries like JavaScript (ES6+), React.js, and Node.js to create end-to-end applications.

RPM Academy Group of Schools (CISCE), *High school and intermediate* 04/2018 – 03/2022 | Gorakhpur
- **Intermediate (PCM):** Completed in 2022; High School completed in 2020.
- **Core Strengths:** Analytical problem-solving, logical thinking, and technical fundamentals.
- **Focus:** Developed a disciplined academic approach through science-based projects, building a strong mindset for engineering and software development.

PROJECTS

Ann Daan Setu, *Full-Stack Web-Based Food Donation Platform* 02/2026 – 04/2026
- Built this web platform as a university major project from VI Semester, to connect food donors, volunteers, and NGOs across Uttar Pradesh.
- Developed responsive user interfaces and backend routes to handle real-time donation tracking and distribution logistics.

Personal Portfolio Website, *Full-Stack Developer Portfolio*
- Built and published a personal portfolio website hosted on Vercel.
- Showcases full-stack MERN projects, internship experience, technical skills, and professional contact links.

TOP SKILLS

- Javascript
- React.js
- Node.js
- Express.js
- MongoDB
- MySQL
- Tailwind CSS
- Bootstrap
- EJS
- Linux
- Git/GitHub
- JSON
- Terminal
- CSS
- HTML
- Responsive Web Design

CERTIFICATIONS

- Delta (Full Stack Web Development)
- TCS iON Career Edge - Young Professional
- AI Appreciate Badge - AI For All
- AI Aware Badge - AI For All
- JavaScript Essentials 2
- JavaScript Essentials 1
- HTML5 & CSS3 Complete Course
- Simple coding
